I. Get Ready

The Cranium Cadoo game is outrageously fun and designed especially for kids. With a variety of hilarious activities, the Cranium Cadoo game will get you thinking, creating, giggling, and grinning as you go for a four-in-a-row to win.

SOLO CARDS

You do these on your own. You can complete your four-in-a-row only with a SOLO card.

TOKENS

Get a four-in-a-row to win!

SKETCH PAD

Draw cool things.

SPECIAL DIE

Roll to see which box of cards you draw from.

SECRET DECODER MASK

Use this to read the secret words or answers on the cards!

COMBO CARDS

The other players guess what you are doing. If somebody shouts it out, you share the same spot on the board.

TIMER

Beat the timer on every challenge.

CRANIUM CLAY

Make fun stuff.

- Choose the color of your tokens. Each player takes all the tokens of one color. If you have more than four players, see the special instructions for team play on the back page.
- Open up the board, take all the goodies out of the box, and set them up so everyone can see everything.
- You're ready to start! The youngest player goes first.

2. Get Started

OBJECT OF THE GAME

Be the first to get four tokens in a row – across, up, down, or diagonally and win!

ON YOUR TURN

1. Roll the die to see which kind of card you get – SOLO or COMBO.
2. Draw your own card and read it **out loud** so every one can hear you. Your card tells you what to do and how to place tokens if you succeed.
3. Start the timer when you're ready to begin your challenge. Can you beat the timer? Congratulations!
4. Pass the die to the player on your left. Your turn ends after one card.

3. Place Your Tokens

IF YOU SUCCEEDED ON A SOLO CARD

Way to go! Put one token on any open spot. No one can place a token on top of yours.

IF YOU SUCCEED ON A COMBO CARD

Excellent! You put one token on any open spot, and the player who shouted out the right answer puts a token on top of yours. **BOTH** of you can use that spot to go for your four-in-a-row. If nobody guesses correctly, you may not place tokens on the board.

4. Get Four-In-A-Row to Win

Be the first to get a four-in-a-row and you win! **But** you can win **only** on a SOLO card! Say you have three tokens in a row and you roll a COMBO. You can still do the COMBO, and you still get to place tokens if you succeed – you just can't choose the spot that would complete your four-in-a-row. Only a SOLO card gives you a chance to go for that fourth winning spot.

For Example

Blue would have to roll a SOLO to play for this spot and get a four-in-a-row.

If Purple shouts out Blue's COMBO answer, BLUE can't choose this spot, because it would give Purple a four-in-a-row on a COMBO.

WHAT IF NOBODY GETS A FOUR-IN-A-ROW?

This happens sometimes. Keep playing until the board is full. The player with the most tokens on the board wins the game.

How to Play in Teams

If you have **more than four** players, you can play the Cranium Cadoo game in teams. A team can be any number of people, from one to four or more.

In teams, game play works almost the same. When it's your team's turn, roll the die and draw your **SOLO** or **COMBO** card.

If your team rolls a **SOLO**, you and your teammates do the challenge on the card together. The other teams watch and check your answer.

If your team rolls a **COMBO**, choose **one** player on your team to do the challenge while all the **other teams** try to guess. (The people on your team **don't** guess!) If another team shouts out the correct answer, both teams place tokens on the board. Your team chooses the spot.
