OBJECT

Be the first player to have the crown and a complete set of jewelry in your color (necklace, bracelet, 2 matching earrings and ring)—**but not the black ring!**

FIRST TIME YOU PLAY

1. Remove the jewel stickers from the label sheets. Press them onto the crown and the jewelry box as shown on the bottom of the game box. Match the shapes found on the crown and jewelry box (The green diamond jewel stickers are only for the crown.)
NOTE: You should never place jewel stickers on skin or clothing.
2. Remove the protective plastic film from the mirror.
3. Carefully unwrap all the necklaces, bracelets, earrings and rings. Put them inside the jewelry box.

Crown Space:

Take the crown (or take it from the player who is wearing it) and put it on.

Black Ring Space:

Take the black ring from the jewelry box (or take it from the player who is wearing it). You must wear the black ring until you can get rid of it

Put One Back Space:

If you have the Black Ring, now you **must** get rid of it by putting it back in the pile of jewelry. If you do not have the Black Ring, you **must** return any one of your jewelry pieces (an earring, a bracelet, a necklace or a ring) or the crown. If you have nothing to return, your turn is over.

Take Any Piece Space:

Take any piece of your color jewelry from the jewelry pile or take the crown. If another player is wearing the crown, you can take it and put it on.

SET UP

1. Assemble the puzzle gameboard. It will go together only one way, in this clockwise color order: Blue, Pink, Green, Purple.
2. Place the open jewelry box with the crown around it in the center of the gameboard. Place the lid nearby, spinner-side up.
3. Choose your jewelry color for the game (pink, green, purple or blue). Sit facing the gameboard corner of that color.
4. Put your matching color pawn on any space on the circular gamepath. (Do not place it on a gameboard corner.)

HOW TO PLAY

Each player spins the spinner. Whoever spins the highest number goes first. Play continues clockwise.

ON YOUR TURN

Spin the spinner and move your pawn clockwise around the gamepath the number of spaces shown on the spinner. Follow the directions for the space you land on. Your turn is then over.

NOTE: Players can share any space.

GAMEBOARD SPACES

Jewelry Spaces:

Necklace, Bracelet, Earrings or Ring. Take that piece of your color jewelry and put it on. If you already have that piece of jewelry, your turn is over.

NOTE: You may take only one earring each time you land on an Earring space. Carefully open the earring clip and then squeeze it closed to fit on your ear.

WINNING THE GAME

Collect a complete set of jewelry in your color (necklace, bracelet, ring and earrings) plus the crown—but not the black ring—you've won the game! Now, as you wear the crown and all of your color jewelry, turn over the spinner and look at the Pretty Pretty Princess you see in the mirror! It's you! You are the Pretty Pretty Princess!

Note On Earrings:

The jewelry in the game is made with safety in mind. With continued play, the clasp on the back of an earring may come off. If a clasp detaches from an earring, it can easily be popped back into place. Fit the pins on the clasp back into the holes, as shown in the illustration.
